

TURN UP THE HEAT ON OIL THIEVES

As fuel increases cost, oil becomes a favourable target for thieves. Don't become a victim and protect your oil tank:

- Keep your tank in a well overlooked position – this will ensure thieves are more likely to be seen.
- Security lights can help deter potential thieves.
- If you have a gate, keep it closed and locked when you are out.
- Invest in a good quality oil tank lock.
- Check your oil gauges regularly to alert you to any potential theft.
